

Westland Drive Drainage Improvements Project

Project Description: This project will construct an approximately 208 linear feet drainage pipe extension to an existing stormwater system on Westland Drive to help enhance roadway drainage. The current stormwater system in the project area relies on a roadside swale. The additional piping in this project will help increase capacity and flow on the south side of Westland Drive just east of the intersection with Morrell Road.

Schedule:

Bid Opening: May 17, 2021

Notice to Proceed: TBD

Contract Completion Date: TBD

Current Contract Price: \$40,613

Engineering Department July 2021 Status: This construction contract was awarded at the June 15, 2021 City Council meeting.
